CENTER CENTRAL

Summer is just around the corner!! New summer classroom assignments are posted at the sign-in table! These will be effective Monday, June 5th. Summer calendars, permission slip forms, and sunscreen papers will be passed out this month. Please return sunscreen forms to your child's teacher with a LABELED sunscreen bottle.

In Observance of Memorial Day, we will be closed Monday, May 29th. We all wish you all a beautiful weekend. Thank you to all the veterans and active service members!

KIDS FOR KIDS CAMPAIGN:

This month we will be thanking local veterans in honor of Memorial Day. The students will make a card for the vets thanking them for all their help, and our oldest kids will deliver the cards and meet some veterans!

NURSERY & CLIMBERS

Our busy bee nursery will be on the move this month! We've decided to divide our nursery into 2 smaller groups: Nursery A will house our littlest ones and Nursery B will have our soon to be 1 year olds! Room assignments are posted on the sign in table!

We are confident this will be a smooth transition for all!

This month our little toddlers will be learning about nature, bugs, and picnics! They will be planting flowers and watching them grow, making egg carton caterpillars, and painting a creepy crawly picture!

EXPLORERS & ADVENTURERS

This Month's Theme: Nature and Bugs!

Miss Bev and Miss Trinka will be filling the sensory table with sand and bugs. They will be playing a game called "There's a Bug Under the Rug", and reading the story *There Was an Old Lady Who Swallowed a Fly!* Last month the kids had so much fun at their Easter Party! Miss Bev and Miss Trinka want to thank all the parents for the yummy food and drinks!

This month Miss Emily will be introducing the kids to different kinds of bugs! They will also be growing their own flowers! Last month the kids got to play with worms for the letter W. The kids had so much fun investigating the worms. They also made a yummy worm snack!

These songs get the kids
a movin' and a groovin'!!

"The Itsy Bitsy Spider", "Shew Fly", and "The Ants Go Marching"

PRESCHOOL

Miss Lacy and Miss June will be teaching the children about x-rays and how important they are for our bones! They have some cute xray crafts to help the kids learn about their bones! The kids were so excited when Miss Carrie's class came down and showed them tadpoles from Miss Carrie's pond! They read a book together to learn about the life of a tadpole!

Our Preschool program is coming to an end this month! Each class is finishing up Letter W, X, Y and Z and getting some much needed outside time! Miss Carrie's and Miss Dawn's Pre-K students that are going to Kindergarten next fall are starting to practice for Preschool Graduation! They will be performing an assortment of songs that they learned throughout the year. Graduation is scheduled for May 31st at 6:30pm in the SPPS cafeteria. Families and Grandparents are welcome!

Miss Miranda will be teaching her students about sorting this month. During Letter W week, the kids will learn about the weather and categorize the appropriate clothes to wear. Also, the students will also be sorting zoo and farm animals during letter Z week. Some of the kids hope for crazy food weather such as raining meatballs or raining cereal! Watch out!

Miss Linda and her students will be predicting the weather and doing experiments with sink and float, concepts! They will be making kites and flying them in the wind!

Miss Mindy's students are busy with experiments this month! During letter W week they will be using a hair dryer to see what the "wind" will blow! They will also be making x-rays and talking about how important they are to see bones. Since they had so much fun making their own town during letter T week, they will be making their own zoo during letter Z week!

Miss Carrie's class will become meteorologists during letter W week and predict the weather. Each day they will graph the weather to see if there is a trend this time of year! Last month during Letter U week, Miss Carrie and the students talked about our great country the USA, and they learned The Pledge of Allegiance!

Miss Dawn's class will be musicians during letter X week! They have been collecting glass Snapple bottles and they will make a xylophone! They will test to see how much water to fill in the jars to make different tones! The children will also make zoo masks during letter Z week and pretend to live in the zoo!

SCHOOL-AGE

This month the school age students will be making a secret present for Mother's Day! They will also be starting a count down until the last day of school! In April, they colored eggs with nail polish, and it turned out really cool! They got to pick 2 or 3 colors and painted the eggs, and it made a marble look! Lately the kids have been creating businesses. This past month they made a restaurant and a tax business! What little entrepreneurs!
